Environmental & Waste Policy

The Professionals Pest Controllers is in compliance with all applicable environmental legislations and government requirements. Our company operates in a professional manner that protects the environment, uses natural resources and energy, minimises waste, & ensures the efficiency of materials and provides safe work practices without risk and minimum damage to the outside environment.

The environmental policy is communicated to all staff and parties of The Professionals Pest Controllers.

To achieve excellent performance and proficient management processes, we will ensure:

- Comply with AS/NZS ISO14001 Environment Management Systems Standard and all applicable licensing conditions at all times.
- Comply with new and changes laws, regulations, policies and codes of practice.
- That we consider the environment planning the development of new services, processes and operations.
- Utilise safe work systems to prevent accidental releases and spillages that may affect water, land & air.
- Use efficient energy and minimise waste.
- We maintain professional business planning and monitoring processes.
- Carefully process and select of our contractors and Suppliers that can demonstrate responsible and effective environmental standards.
- Ensure all up to date training and instructions are maintained for management and employees.
- Managers and supervisors are accountable for environmental performance in their areas.

Glenn Nicholls
Director
